

MASTERTEMP® 125

HIGH PERFORMANCE HEATER

Market-leading, high-efficiency, high-technology heater for bodies of water up to 15,000 gallons.

At a remarkably affordable price, the industry favorite MasterTemp 125 Heater gives you the energy savings and advanced operating features that were previously only available from much larger heaters. With its revolutionary premixed gas combustion technology, the MasterTemp 125 Heater offers 82% thermal efficiency, the highest of any heater in its category. You'll also love the convenience and simplicity of its digital display, the first ever offered on the market today for its class. Plus, unlike other heaters, the MasterTemp 125 Heater is so compact and lightweight, it makes for quick installation by your pool pro—and saved time means saved money. It's time to step up to the high efficiency and advanced features that only the MasterTemp 125 Heater can deliver!
